YPO/WPO Certified Forum Facilitator

Let's reenergize your Forum!

No matter the topic, every Forum Retreat shares these goals: You want to know each other better, know yourself better, reenergize your group, and personally get reenergized about work, life, and family.

The key to achieving these goals? *Strengthen bonds.* As your Forum develops stronger bonds, it becomes easier for everyone to open up. There is a sense of support, trust, and total honesty as you participate at a deeper level. You are willing to be vulnerable and step outside your comfort zone – and that's where you grow!

A dedicated YPO/WPO member and Certified Forum Facilitator, Jofi Baldrich knows the value of strengthening your Forum's bonds. From the start, he teams with you to ensure your Retreat is a rewarding experience for each individual – and a valuable bonding experience for your Forum.

Take full advantage of your time together! Retreat topic ideas can include:

- Reenergize your relationship with your business
- Spark your relationship with your spouse and kids
- What to do if you have "everything" but don't feel fulfilled
- How to turn off "cruise control" and find meaning in your life
- Find the path that's true for you – and set the course for the rest of your life
